

# Duratech Systems

a TF Warren Company

**Full service provider of industrial  
linings and corrosion protection**

*Solving all your abrasion and  
corrosion problems with*

## **PROTECTIVE COATINGS**

### *Duratech Systems ...*

We can line tanks of any shape and size - from one to one million gallons. We can protect pipes, mixers, and intricate components. Literally, any place our hands will fit, we can line.

If you are looking for one source to handle all your tank needs, look no further than Duratech Systems. You'll get prompt service and quality applications.

### *Experience matters ...*

We take a lot of pride in our people and with good reason. They take a lot of pride in their work. serving customers throughout North America. We focus on excellent customer service and pride ourselves on offering customers with turn-key, custom solutions.

Our field crews come in and get the job done quickly and efficiently with minimum downtime for your production or processing line.

*Big or small...round or square...components too!*
